Dear youth and youth parents,

It's my privilege to get to fill you in on some of what God has been doing in our group lately! Since winter retreat, there's been a lingering desire to experience God more personally (not just on Sundays and Fridays); and a longing to see unity in the church (closeness to others outside of Fullerton youth). As such, we're currently challenging one another to daily: pray for someone else, read the Bible, and see God work in our lives. Regarding unity, if you take a look at our schedule, there are many joint events coming up. The core team and adult leaders did not plan it this way, but it just sort of happened. Praise the Lord! In wisdom and love, He is the one guiding each of us individually and corporately as a church.

Hope to see you soon and God bless!

Kevin Ni, Youth Coordinator

### Leader’s Column

Hello, this is Ryan. I am a senior at Canyon High School. For me, youth group has been a work in progress, both as a youth leader and as a regular youth kid. I remember sitting in a circle with the youth leaders at that time and 6 other kids (our entire youth); setting our vision for the future and trying to figure out how to grow. About a year later I joined Core; it was a big shock for me going from barely attending church a year earlier to leading a discussion group. As many of the high school boys can tell you, I was a more than a little rough around the edges. But Core has helped me grow as both closer to God, and as a person. For you youth kids, I want to give some encouragement to stay strong in school for the next few months. Even though your workloads may be exponentially increasing in the next few months, I would like to encourage you to keep up with your devotions and attending Friday nights. We have a lot of fun stuff planned in the upcoming months to look forward to. God Bless!

### FYC Sunday School this Quarter:

#### 1. Famous Old Testament Stories Survey

Join us as we go over some of the Bible's most famous stories! We'll look at what happened, how that story fits into the immediate progression of events, and how it fits into God's master plan (or the Bible) as a whole.
